Description:

Hello and thank you for looking. Here we have a 1974 Pontiac Trans Am Super Duty. Very collectible. PHS docs and on SD registry. Has had the same owner since 1994. He has driven this car very little over the past 23 years. Always stored in climate controlled building. Has good documentation from when he purchased. Believed to be the third owner. He is now selling his SD as he is getting up in age and originally purchased the car for the love of Trans am and for investment reasons and now is the time. If your looking at this listing then you already know the value of these Super Duties and the statistics. I will describe the condition as best as I can. It is up to you to look at the car and check its authenticit...
