Contact: Ken Hopkins

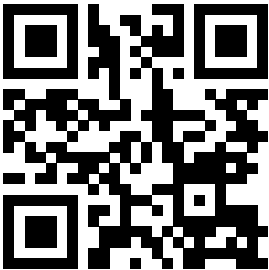

Phone: 1-346-907-8400

Address: Houston, Texas, United States

Price: Check with seller

Description:

Follow the concept faithfully. You cannot expect to see significant results without completely replacing your regular drinking water. Keep in mind that alkaline water isn't a miracle drink that would change your body overnight. Instead, this is a lifestyle choice that will eventually show results. It is advisable that you eat alkaline foods to the best possible extent for better elimination of acids from the body.
