Contact: Andrew Thomas

Phone:

Address: New York City, New York, United States

Price: Check with seller

Description:

Personalized lanyards are used as identification tags and it will rapidly raise your brand name and bring it into the notice of the people. You can imprint your brand name more than one time on the lanyard and whenever the user drapes it around their neck, the brand name is easily visible. There are different varieties of custom lanyards at wholesale price with diverse elegant and vibrant color option, so any organization can easily grab the opportunity to highlight their brand name among the target audience.
