Price: 48000.00 USD

Starting off with a clean rust free disassembled shell and taken down to bare metal. Steel group 4 fender flairs were added as well as the drop floor pan kit and Frenched headlights/ European side marker lights. A rebuilt, fully machined/ balanced 427 side oiler was mated with the polished rebuilt ZF 5 speed transmission. Shelby intake manifold with Bj Bk Holley carburetors on top. The fuel is ignited by electronic ignition and exits the motor through big boar headers and duel resonator mufflers. The power is transferred through a performance clutch and upgraded drive axles. Cooling system was enhanced with the bigger cross flow radiator, cooling tubes, fans and hoses. The rear wheel carrier hub assemblies have...
