Hi. I was laid off over the Holidays and the bills are mounting. 2019 is starting out kind of bleak. Hopefully, I can find something soon. The kids don't understand why mom and dad don't smile much. I don't know if we can make next month's mortgage. It's getting scary. Being able to pay down some of this debt would be a lifesaver for us. Thank you so much for looking. Any amount is gratefully welcome.
