Description:

We all look for those lighting measures that can reduce the overall burden of paying higher electricity bills from our pockets and for the same there is definitely no better option than the LED lighting technology that provides unique yet powerful light rays perfect for the residential or commercial places. Among many lights you can use ballast compatible T8 4ft LED Tubes that will reduce the electricity bills along with giving you more number of lighting results. Beneath are its advantages of using T8 4ft LED Tubes: • A particular 20w T8 4ft Led Tube produces 3000 lumens by consuming only 20w of electricity and also the color temperature is 5000K. • You can easily replace any fluorescent tube that uses 50W of ...
