Price: 59.99 USD

Description:

LEDMyplace introduces LED Panel Light 2x4 a fixture to create a true ambiance at your workplace, offices and meeting rooms. This light provides you 4000K to 6500K color temperature with 8000+ lumens output to ensures a dark-spot free brightness at your workplace. And ETL Certification makes this lighting fixture superior on safety standards. This LED Panel Light 2x4 is consisting of a dimmable feature which let you adjust the illumination of the fixture from (0V to 10V) which will lead you to static brightness at your place. While providing you the utmost brightness this LED Panel Light can replace your 300-watt fluorescent fixtures to 300 watts. Here are some advantages of using LED Panel Light 2x4 Wattage inp...
