Address: Irvine, California, United States

Price: Check with seller

Description:

"One of the biggest challenges of converting analog systems to HD is the variety of platforms found in older coax systems," said Dahua Tim Wang, CEO, Dahua Technology USA. "Dahua's latest generation HDCVI 3.0 DVR addresses this problem for a streamlined open-source solution that integrates with the most widely-used technologies on the market." Address: 23 Hubble, Irvine, CA 92618
