Price: 17.99 USD

Description:

We many a times believe that we need to invest in emergency lights only at the commercial places only but installing these lights is equally important at the residential places where all ages of people love and these lights will be helpful in case of fire or other Apennines especially for the kids and old aged people. You can buy LED Emergency Exit Lights green inside the commercial and residential places, this Green coloured LED Exit Sign will guide people in reaching to the safest place at the earliest. Other advantages of installing emergency exit light green are as followsThis LED emergency exit light green uses just 4w of electricity to produce sufficient lumen that can provide safe passage to the people. ...
