Description:

Educating the whole person is a commonly heard phrase, but what does it mean? For private schools, it means providing an appropriate balance of work and play; a chance to try new things both inside the classroom and out; an opportunity to change and grow. Private schools encourage students to be active participants in life. Most private schools offer dozens of activities through the Arts, clubs, athletics, community outreach programs and off-campus trips. Many encourage students to sample a variety of interests by requiring participation in these programs. Other independent schools are geared to those who plan a career in an artistic or specialized field. Best of all, the non-academic programs are fun and a gre...
