Price: Check with seller

Description:

If you are looking for a comfortable and affordable alternative to crutches, go ahead with knee walkers available on rental basis. Also known as knee scooters, these walkers allow people to keep their injured or weak leg on the resting position on elevated platform whereas the other leg self-propelled the mobility device. Supporting sturdy dual frame construction and work both indoors and outdoors, these walkers have unique folding design which allows users to store it in small spaces and safe transport from one place to another. Padded seat, height adjustable handles, dual hand brakes, adjustable leg pad, etc., are some of the salient features of knee walkers rentals.
