Description:

Keratin is a great way to tame frizz, make your hair shine and make those curls look amazing. It will relax the curl a bit, but it will also make the texture more manageable, which helps reduce frizz. The Keratin treatment can be left for different periods of time to achieve different results. Your Full Spectrum stylists will help you determine what you want the desired results to be and work with you to achieve the look you want. For more details visit The Full Spectrum Hair Salon in Murphy, TX. Location: 305 E Fm 544 #911, Murphy, Texas 75094 Phone: 972.509.1565
