Description:

Brand new stainless steel bumpers for Jensen Interceptor MK2 and MK3 (1970-1976). Kit consists of 1 front bumper, 1 rear bumper, 4 over-riders with rubbers. Please note that these bumpers are correct for UK Interceptor MK2 and MK3 models- the bumpers are NOT correct for NADA market cars from 1974 to 1976 . MK1 (and very early MK2) models require different bumpers which we also supply please see our separate listing. IMPORTANT NOTE: We provide the rear bumper WITH holes for the number plate light or WITHOUT holes. This listing is for the rear bumper with holes. If you do not required holes, please specify when ordering. The good news is: our bumper sets are replicas of the originals - so the shape, fit, and dime...
