Address: 800 Battery Avenue, SE Suite 100 Atlanta, Ga 30339, Atlanta, Georgia, United States

Price: Check with seller

Description:

Most property owners find that it results in bad tenants and a loss of money to try DIY properties under Atlanta property management. You will save you money in the long run with a good property manager. The lease or lease charge can vary. Some of the businesses bill the tenant's loan for a whole month. Roofing Done Wright will charge 75% of the first month, and this includes marketing pictures, listing on all major sites, showing the property, screening prospects, and leasing. We also make a complete move to document the property before the tenant moves into a video inspection. We want to protect your asset under Atlanta property management.
