**Description:** 

CheerMe allows small businesses to launch an e-commerce loyalty program and give customers a reason to stick around. Using our platform, you can incentivize customers with exclusive points for performing actions like celebrating a milestone, making a purchase, and signing up. Moreover, you can monitor your customer activities and organize them in different tiers according to their earned points. The more they shop and earn points, the higher the tier level. To know more you can Book your free demo with us at https://cheerme.io/Contact us at connect@cheerme.io Call us at 8264829512
