Address: 8440 NW 64th St #3, Miami, FL , United States, Miami, Florida, United States

Price: Check with seller

Description:

Your home is more than just another building. It's a safe refuge for your family. It's a place where friends gather together to celebrate the important things in life. Of course, living in Florida means your home can be exposed to a wide range of elements, including hurricane-force winds. Rather than trust the security of your home to chance, why not take proactive steps with impact glass installation?
