Description:

What is Pay-Per-Click Marketing? Pay-per-click Marketing is a rapid action advertising solution for getting Clicks from the search engines rather than to get the clicks from the Organic search. How Pay-Per-Click Marketing Works? When you search any keyword in a search engine it shows results, but you can see some out on the top of the page showing a Yellow tag on them our Ads PPC. Whenever a visitor clicks on that Ads visit sent to your website and you will be charged with a small fee the fee called (Pay per click). by the Search Engine against sending visitors to your website.
