Prevent Long-Term Damage With a Restoration Service

2 The Rescue Restoration Services is a locally-owned water damage restoration company. Our step-by-step process for treating water damage includes:

Assessing the Damage

We will make an accurate assessment of the water damage in your home and create a restoration plan to ensure proper remediation is done.

Removing Water

We use the latest technology to remove water quickly and completely.

Drying Your Home

Before repairs can begin, we'll use professional drying equipment to dry your home thoroughly and efficiently, with zero chance of mold growth occurring.
