Description:

We are dedicated to fighting for your rights, whether its protecting whistleblowers to labor and employment disputes, consumer protection, to tackling pharmaceutical companies who sometimes put dangerous, unsafe drugs into the stream of commerce while hiding the ball about the true risks and side effects, such as concealing the link between Zantac and cancer. Brown, LLC routinely litigates against the top defense law firms in the country and wins. <https://www.ifightforyourrights.com/whistle-blower/>
