Description:

Individuals work hard to own a home. Their home is the place they can feel most comfortable. Therefore making a decision to install Solar is a big one and individuals need to feel comfortable with the choice they have made. There are many Solar companies that are just brokers for larger companies solar products. Once the sale is done, you are passed onto someone you have never met that isnt even in the same company. When you with WeGreen Power you can have the full satisfaction of knowing that everyone is a full employee of WeGreen Power and that we use products that are made 100% in the US. HomeOwners never want to sacrifice quality when purchasing a product. That is why WeGreen Power offers 15 or 30-year warr...
