<https://tinyurl.com/2joyffs8>

Address: 864 S McGlincy Ln A, Campbell, CA 95008, United States, Campbell, California, United States

Price: Check with seller

Description:

On a cold, dark and wet winter day, when visibility is already poor, having windshield wipers that dont perform well is the worst thing that could happen. Make sure that your windshield wipers are in good working condition with sufficient windshield wiper fluid. A good tune-up will ensure that. Get your car up to speed.
