Description:

LabShares is a shared biotech lab space near Boston and Cambridge for rent for biotech and life science startups. Access to shared lab equipment, conference rooms, and a fully-stocked kitchen are all included in the monthly fee. The modern, light-filled building is fully permitted and conveniently located with free parking. We have a wide range of shared lab equipment that includes but is not limited to: plate readers, tissue culture suites, standard cold storage ranging from refrigeration to cryostorage, microscopes, HPLC, Western Blot transfer devices, flow cytometry systems, QT PCR machines, a lentiviral suite, pure water systems, and other miscellaneous pieces. Virtual tours are available at LabShares(do...
