Description:

Many people do not realize just how dangerous unsecured loads are on the roads. Large objects such as furniture and large appliances that drop off of trucks can smash through a drivers windshield on the highway, leading to severe and often permanent injuries and, in some cases, even life-changing disabilities, such as blindness. Even if you havent loaded anything onto your vehicle, it is still important to be alert and careful, keeping an eye on whats ahead on the road when driving. Some experts suggest that you scan ahead one-third to one-half mile so that you can change lanes quickly if you see an object in the road. An experienced Charlotte car accident lawyer from Brown Moore & Associates, PLLC, advises you...
