Description:

Dirt, bird droppings, and other contaminants can reduce the capacity of your solar panels to achieve energy forecasts. But cleaning your panels on a regular basis will maintain your investment and boost their power efficiency by up to 30%. We at Ultra Shine provide affordable solar panel cleaning services in Riverside CA. We use multi-rinse, deionized water-fed brushes to remove all layers of dirt from your solar panels, allowing them to function at their best and also ensuring that the panels operate at their maximum output and appear clean. Call us at 951-688-7777.
