Description:

Proper funding is the key to the success of any startup - and disruptive startups get funded! At SDI, we build disruptive tech in the form of apps, websites and custom software for nearly 2 decades. Our staff has hard earned experience from over 5,000 projects with more than 10,000 global clients. Even better, we don't hire any engineers, designers, or marketers with less than 5 years of experience. Don't know how to go about getting funding? SDI can help you get connected to our network of Venture capitalist firms throughout Silicon Valley. We'll even work with you to build a pitch and demo product!
