Description:

Neszu's best organic skin care products are rich with the healing properties of natural ingredients, crafted from the volcanic soil and water around the Arenal Volcano. We use organic fruits, roots, herbs and spices as well as rainforest spring thermal water - all 100% natural and raw. Neszu products give you a deep, restful sleep and awaken your skin for a fresh start to each day. Our natural face care products use only the highest quality ingredients that are certified organic. Our formulas have been designed to be absorbent and effective. By using raw and organic ingredients from the rain forest of Costa Rica, you will experience the healing and therapeutic benefits of natural ingredients. Our amazing skincar...
