Address: Saint Louis, 63110, US, Saint Louis, Missouri, United States

Price: Check with seller

Description:

Choosing the right listing agent might not prevent your home from selling during a hot seller's market. However, it can make a big difference in the experience a homeowner has sold his or her home. It can also affect the eventual sale price, the amount of money a homeowner pours into renovations, and how quickly the home sells. Of course, there is always a cost to employing the services of a professional.
