

ROLL STOCK MACHINE FOR SALE

free-classifieds-usa.com

MC's suitable for Clean-Rooms!

Especially worth mentioning is our experience in the medical packing sector that already covers a large market percentage in far East. MPS is specialist for packing Syringes / Needles.

Modern Food Packing!

Packing with / without vacuum or with modified atmosphere (MAP) our tremendous knowledge is at hand for everybody's convenience.

Contact: Jason

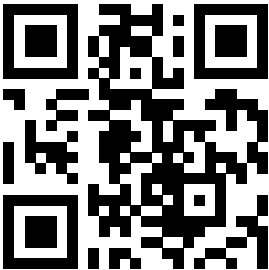

Phone:

Address: Indianapolis, Indiana, United States

Price: Check with seller

Description:

Due to the no contact engraving process, the quality of marked jewelry items is not compromised. You can just place the jewelry item in the right position in the best Blister-Packing Machine and press the button to start engraving. You can engrave names on the medical packaging, and more using the same machine. The Blister-Packing machines can engrave rings too.
