Description:

Headquartered in Northern New Jersey, DOWC is the fastest-growing service contract provider and administrator in the United States. DOWC offers customizable F&I products and expertise in compliance, as well as a full suite of technology designed to optimize productivity and expedite claims adjustments, processing, and reporting. Do you currently participate in all products, and make use of the most advanced technology? With DOWC, dealers can be in control of their cash and investments from day one. Through the use of various participation platforms, dealer warranty services are able to participate in the underwriting profits and investment income generated by the sale of F&I products, oftentimes without a trust...
