Description:

Moonstone is one of the most attractive gemstone jewelry found in the beautiful hues of blue, pink, white, multi-color, colorless, and more. The Moonstone ring speaks about the wearer, enhancing the aura of the women. The best Moonstone comes from India and Sri Lanka, which is then cut, polished, and set into sterling silver metal, creating beautiful jewelry pieces which are cherished forever. This stone belongs to the feldspar mineral family and rates between 5 to 6 on the Mohs scale hardness. Moreover, this crystal enhances the innovative skills in the person and helps reduce the problems related to health and wealth.
