Address: 103 Vista Way, Alpine, California, United States

Price: Check with seller

Description:

You might be doing regular sweeping and mopping of your tile floors. This helps to keep surface dust at bay. However, when it comes to grout lines, this does not work the same way. Grout lines are porous and trap dirt, spills, and germs. This makes them look dull and discolored. For gleaming and brand-new-looking tiles, you need tile and grout cleaning services. We at TNT Carpet Care provide excellent tile and grout cleaning in Alpine CA and surrounding areas. Our experienced personnel are well-trained and use appropriate techniques to clean the tiles. We also provide carpet cleaning in addition to this. With advanced equipment and cleaning solutions, we always deliver great results. For bookings and informati...
