Price: Check with seller

Description:

Motif Vantage HRUses a 810nm laser diode with RF to achieve long term hair removal over several sessions. Laser Hair removal using Motif HR is used to remove unwanted hair from all skin types. Number of TreatmentsThe number of required treatment sessions depends on the hair growth cycle, hair color and depth. The average number of sessions for dark and coarse hair under normal hormonal conditions is 6 8. More sessions may be required for light and fine hair and for hormonally controlled areas like the chin.
