Description:

Shoulder pain can take various forms. There are numerous reasons for causing shoulder pain; it can cause temporary discomfort and lead to unbearable bone-on-bone friction of arthritis. Whatever the condition may be, we have experienced physical therapists at Renew Physical Therapy for treating the problem. Our therapist works to help you regain your body's original strength and mobility. We offer specialized treatment and care to the patients to help them achieve their highest physical potential. For more information and appointment, you can contact us at 985-212-8575
