Description:
LED modules are the perfect lighting fixture for welcoming people to your business. The high brightness of these LED Modules for Signs will quickly increase your sign's visibility, and the IP68 rating ensures that they will be suitable for use in any weather condition. Additionally, the high CRI of these LED lights will show the exact color of your logo or sign, and the minimum life of 50,000 hours means you won't have to worry about replacing them for a long time.
