Address: 40491 Rock Mountain Dr., Fallbrook, California, United States

Price: 6.99 USD

Description:

The Tillandsia caput medusae plant belongs to the Bromeliaceae family. This adorable air plant has an unusual appearance and makes for a good addition to greenhouses as well. With gorgeous thick silvery green leaves, Caput medusae pictures also turn out to be fantastic. It grows from 15 to 40 cm in height and has its origin in Mexico. Caput medusae cactus is commonly known by its common names Medusa's head and Octopus plant. Buy now: <https://planetdesert.com/products/tillandsia-caput-medusae-medium>
