Address: Clayton, Missouri, United States

Price: 130.00 USD

Description:

Hybrid Bandaging has perfected the first single-layer multi-component hybrid bandaging kits designed specifically for self-bandaging and homecare. If you are one of the many patients that self bandaging is too complicated or takes too much time, look no further, Hybrid Bandages are made for YOU! We are addressing the real needs of patients by analyzing the challenges and hurdles faced by self bandaging patients that are using one hand while wrapping an upper limb from the application start through the application end. Customer Testimonial: B.G. USA: Oct; 2021 I love the product and have given that feedback about my positive experience to 3 different lymphedema therapists at . Thank you so much! Addressing real needs of the patients

We have also analysed the challenges and hurdles faced by self-bandaging patients from the application start for an upper-limb patient who, by definition has only one hand to do so, to the fastening of the bandage at the end of application.
