Description:

LabShares, a biotech startup lab incubator near Boston and Cambridge, MA, is excited to offer current bench vacancies in our newly renovated, shared BL2 lab. The lab is fully equipped with a comprehensive set of shared equipment including flow cytometry, plate readers, QT PCR, microscopes, HPLC, pure water systems, Western Blot transfer devices, tissue culture suites, a lentiviral suite, cold storage ranging from refrigeration to cryostorage, and other fantastic amenities. Our location offers members an on-site gym and bike storage center, not to mention free parking! (If you see a rental rate in this post, it's just a placeholder. Please visit our website and contact us to know the rates.) Though all of our pr...
