Description:

Welcome to PTT bumper! Our bumpers are made of solid stainless steel grade 304, 1.5- 2mm thickness and polished; the back side of bumper is covered by 3 painted coats to protect bumpers from chemicals, weather elements. These paint coats will make back side more smoothly and wonderful. The gloss of bumper is shiny like mirror, even better than chrome bumper. These bumpers will never get any rust. Moreover, they always are duplicated from original sample bumper for fitting, shape, dimension etc... Especially, we are planning to launch the market new models, so we are searching for samples from any distributors who can cooperate with us to expand the range of products in stainless steel, steel, aluminum, chrome o...
