Description:

I currently have a preowned KLR 650 with 2840 miles, that is a 2 owner bike that looks and rides like new. This bike doesn't look like it has ever been off road. It has some nice extra equipment including an aluminum skid plate, Tusk hand guards, Tusk aluminum hard bags, Tusk handlebars with ROX handle bar risers, 2x 12 volt inputs with integrated volt meter, Zero Gravity X-Tall touring windshield.
