Address: 2500 S. Polk St. #C,Amarillo,Texas,USA, Amarillo, Texas, United States

Price: Check with seller

Description:

The Ukrainian Displaced Persons are in dire need of assistance as they face various challenges such as lack of food, shelter, and medical care. They also require psychological support to cope with the trauma they have experienced due to displacement. Moreover, they are at risk of facing discrimination due to their status as refugees. It is therefore essential that these individuals receive the necessary support from both the government and humanitarian organizations so that they can live with dignity and security in their new homes.
