Description:

Welcome! Were looking forward to meeting and getting to know you and your child at their first Happy Visit!. Wait, dentist appointment in the same sentence as happy? Yep- depending on the age of your child and the reason for visiting, we do things a little differently. Nobody wants to force a child into a scary experience, which is why we first assess the childs level of anxiety and willingness to experience different procedures. If your child is willing and able we start with Xrays, move on to a cleaning and follow up with an exam by one of our doctors, and fluoride treatment.
