Address: Micro Filter King 2547 Old Lake Mary Rd Suite A, Sanford, Florida, United States

Price: 500.00 USD

Description:

Micro Filter King is easy to use & clean. Patent pending technology that removes saturated fat & everything from breadcrumbs to flour by polishing & extending the life of your cooking oil, giving you the best quality fried food 7 days a week. USA made and parts. Our double filtration system filters down to a microscopic level catching particles as small as 10 microns, polishing the oil and making it new again. The cooking oil passes through 2 unique filter systems which force and seal every drop through a microscopic filter process before returning to the fryer. We call this process the, Double forced & sealed filtration process which is the science behind our technology making it vastly different than many oth...
