Description:

Marcelo Hochman MD, The Facial Surgery Center mission is to ensure our patients receive the customized and personal care they seek, combining the latest in medical and cosmetic technology and innovative techniques paired with expert skincare and massage. Having cosmetic surgeries and procedures is a part of our comprehensive approach to turning back time without looking "overdone." However, to achieve the best possible results they should be incorporated into an overall individualized treatment plan with ongoing skincare treatments to address skin tone and texture to preserve the look you want for a longer time.
