Address: Tempe, Arizona, United States

Price: Check with seller

### Description:

The Teewing X3 is the electric scooter you need if you want the best experience ever. X3 Dual Motor Electric Scooter is a high-performance scooter for adults. It has an effective dual-motor system that generates 3200W of power owing to its powerful acceleration; you can zip through urban areas at an electrifying 40 mph. With its big 52V/28Ah lithium battery, the X3 can cover 50 miles on one full charge so that you can ride all day. It has 10-inch road tyres, hydraulic disc brakes in both front and rear and enhanced shock absorption for an effortless, stable ride. With the driving settings on the Smart LCD Display, you can enhance your ride livelier with LED lighting while making it your own. Checkout okidas.com...
