Address: 1205 Sarah Ave Suite 141, Longwood, Florida, United States

Price: 480.00 USD

Description:

The P9D94A HPE StoreFabric SN1100Q, Dual Port, 16 Gigabit, PCI-Express 3.0 Fibre Channel host bus adapter bundled with two transceivers. The HPE StoreFabric SN1100Q host bus adapters are backwards compatible with 8 and 4 gigabit networks. The P9D94A includes features such as Auto-Negotiation which allows devices to perform automatic configurations to match speed for multi-speed devices. HPE P9D94A OVERVIEW: The SN110E enables increased application and database transactions per second, enables faster large block transfers and increases the number of Virtual Machines that can be supported per server. The SN1100Q delivers up to six times the IOPS, twice the data throughput (MB/s) and cuts latency in half compared ...
