

**free-classifieds-usa.com**

Brendan Flaherty and Warrior have supported table soccer in the United States for over 2 decades. They have demonstrated this support in many ways. From one of a kind ideas like foosball player cards, to the 1st ever Hawaiian open tournament, Warrior has always been a driving force behind U.S. table soccer as well as the proud sponsor of the United States Table Soccer World Cup team. I am both curious and excited to see where Warrior takes table soccer next.
