Phone: 1-973-263-0002

Address: Springfield, New Jersey, United States

Price: 19700.00 USD

Description:

Moving to a retirement home and would like to sell my parade ready 1955 Willys with a 24 Volt system. This is considered an amphibious vehicle in that all components are raised...I wouldn't use it in rivers, lakes or oceans...shallow brooks and swamps perhaps. Body is in great condition along with classic nomenclature identifiers. Orginal carburetor recently rebuilt. Jeep runs but it does need to be tuned. It has also won First Place in several military vehicle shows. It should be noted that the driver canvas seat has a rip and should be replaced or re-covered. Also included is convertible top if used in the Winter. Contact:ART WEINTRAUB Phone:973-263-0002 City:Springfield Zip:07081 Price:\$19700 Year:1955 Make:...
