**Description:**

There is one app development tool that can help you more than any other: knowledge. Knowledge can help a startup, entrepreneur, or SMB grow exponentially, to make money and to realize your dreams! Fortunately for you, SDI has some of the best knowledge keepers in the biz. But what good is that App development knowledge and expertise when it's trapped in our skulls? So we're now offering a compilation of what we feel are the most important tips to the success of a mobile app - on any platform.
