Contact: Craig A. Moore

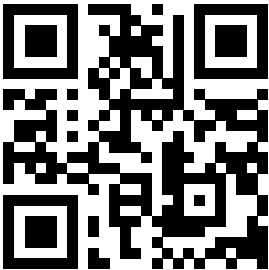

Phone: 1-406-245-6139

Address: Billings, Montana, United States

Price: 600.00 USD

Description:

Goulds 10SV6RB30 Booster pump end only with shaft coupling. Motor not included, requires a 184TC 5 HP motor for ODP and TEFC in single phase or 182TC in 3 phase ODP or 184TC in 3 phase TEFC motor. Purchased them to replace a Jacuzzi 5VT650-8-S2 (both rated at 50 GPM) but the Jacuzzi had higher head capability to finish filling the tank. We needed to get a higher headed pump and now need to sell the pumps that was hardly run any time at all.
