Address: Fargo, North Dakota, United States

Price: 3950.00 USD

Description:

FOR SALE: 2005 HONDA VTX 1300R with 21,793 miles and a clean title. The bike comes with Vance and Hines pipes, jet kit, forced air intake with butterfly valves, windshield, front foot boards with heel/toe shifter, aftermarket handle grips with throttle boss. The bike has a new horn, battery and rear tire. The red metallic paint really catches the eye when you go down the road and the pipes sound great. Very fun to ride and enough power and torque from the V twin to keep things interesting. Its a great bike, I have had it since 2014 and have had no problems, it is just time to upgrade. I am asking \$3950.00 OBO
